About Us

Transarq Trading Company is a dynamic trading and service organization based in Jeddah, Saudi Arabia, dedicated to providing reliable products and professional support services to industrial, commercial, and construction sectors across the Kingdom.

Backed by over a decade of industry expertise through our operating unit, Gannas, we have built a strong reputation for delivering quality products, timely services, and practical business solutions tailored to our clients' needs. In addition to our core operations, we offer specialized services through Gannas Car Tint, Gannas Accessories, T.A Infrastructure, and T.A Transports, providing comprehensive solutions across automotive, infrastructure, and transportation sectors.

Our diverse portfolio enables us to support projects of all sizes, serving industrial facilities, construction sites, transportation operations, manufacturing plants, and commercial establishments across various sectors.

Our Vision

To become one of Saudi Arabia's most trusted and preferred trading and service companies by providing innovative solutions, superior products, and exceptional customer service across multiple industries.

Our Mission

Our mission is to deliver high-quality products and dependable services that help businesses operate efficiently and achieve their goals.

Portable Cabin Services

TRANSARQ provides high-quality portable cabin solutions designed to meet the diverse requirements of construction sites, industrial facilities, commercial projects, and remote locations. Our portable cabins are manufactured using durable materials and modern construction techniques to ensure safety, comfort, and long-lasting performance.

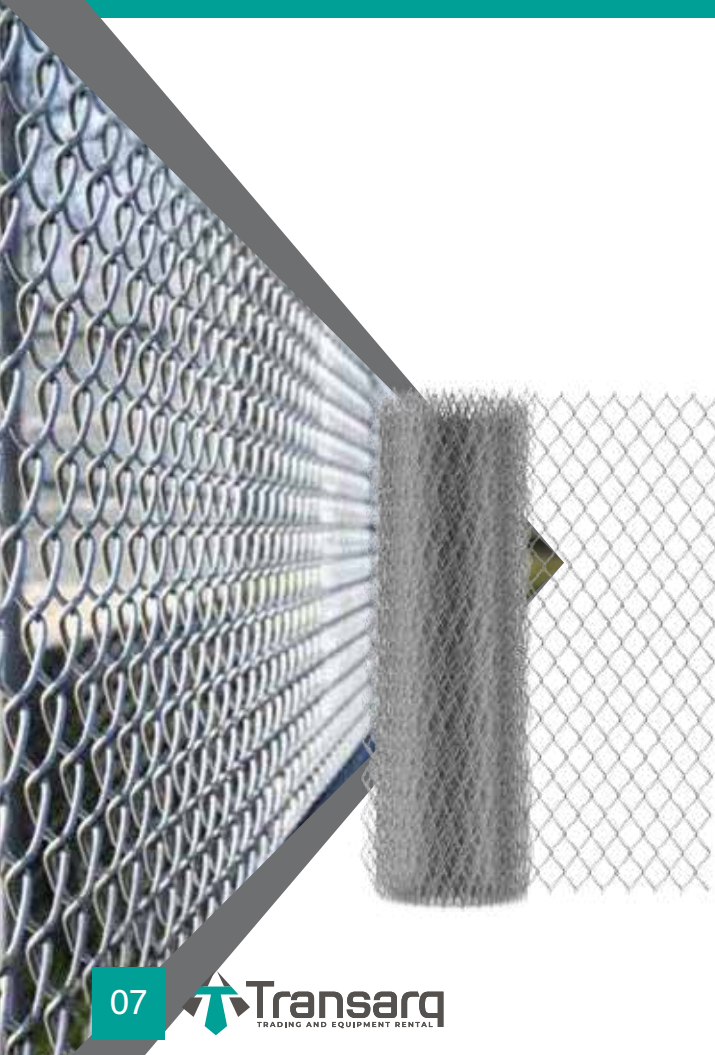

We offer supply, installation, relocation, and maintenance services for various types of cabins, including site offices, accommodation units, security cabins, dining facilities, storage units, and modular workspaces. Our experienced team ensures that every cabin is delivered and installed efficiently, meeting project timelines and client specifications while maintaining the highest quality standards.

Fencing Services

Fencing and related civil works form an essential part of **TRANSARQ**'s contracting services. We specialize in the supply and installation of temporary and permanent fencing solutions for industrial facilities, construction sites, commercial properties, camps, warehouses, and infrastructure projects.

Our fencing solutions include chain-link fencing, barbed wire fencing, welded mesh fencing, security fencing, perimeter fencing, and customized fencing systems designed to suit specific project requirements. Supported by a skilled workforce and modern equipment, TRANSARQ ensures precise installation, superior durability, and enhanced site security while adhering to all safety and quality standards.

Heavy Lifting Services

TRANSARQ provides specialized heavy lifting services for construction, industrial, infrastructure, oil & gas, and engineering projects. We offer safe and efficient lifting solutions through a fleet of modern equipment and a team of highly skilled operators, riggers, and lifting supervisors.

Our services include lifting and positioning of heavy machinery, structural steel erection, equipment installation, plant maintenance support, loading and unloading operations, and project-specific lifting requirements. Every lifting operation is carefully planned and executed in compliance with international safety standards, ensuring maximum efficiency, reliability, and risk-free project execution. With extensive industry experience and a commitment to safety, TRANSARQ delivers dependable heavy lifting solutions for projects of all sizes.
